

Thank you for partnering with us! Because of your generosity and God’s faithfulness, the **Friends of India Network (FOIN)** raised a record **\$1.96M** this past year to enable gospel-centered transformation across Northern India. Ministry programs led by local, Indigenous leaders in India made up **95%** of our expenditures, with 5% going toward administration and advancement.

What does our money support?

What do our supporters say?

“Supporting FOIN means supporting a ministry that’s on the ground—bringing the gospel of God’s love, hope, and peace to people living in spiritual darkness—especially those who have no sense of their value or worth in the eyes of God.”

–Sheryl & Ralph K.
